

# PREVENT STAINS

Turn over for simple steps to keep your business stain-free

**ALL BUSINESSES HAVE A LEGAL  
RESPONSIBILITY TO ARRANGE FOR THE SAFE  
DISPOSAL OF WASTE. FAILURE TO DO SO MAY  
RESULT IN PROSECUTION AND A FINE.**

# CONTROL YOUR WASTE

OILY, WET FOOD WASTE CAN **LEAK OUT** OF BIN BAGS, **STAINING PAVEMENTS** AROUND YOUR BUSINESS AND **DEFACING THE FOOTWAY**.

**FOLLOW THE STEPS BELOW TO PREVENT STAINS.**

**Use a separate container to collect food waste instead of bin bags. Strain any food that could leak.**

**Never dispose of oil waste down a drain, always used a licensed contractor.**

**If you do use bin bags for food waste ensure they are double-bagged or use premium grade bags.**

**Do not overfill bags as they may split and spill onto the pavement.**
